Good afternoon [REDACTED]

I was informed by Dr. Allen Chen that a Prime Minister from Qatar would like to schedule an appointment with him at Columbia University Medical Center, Rehabilitation Medicine department. Please feel free to contact me to schedule if an appointment is needed or if it is not needed. Thank you so kindly.

Best Regards,  
Ruth

Hi Ruth,

I've got my first VIP task for you 😊

Erica was in touch with one of my other VIP patients, who referred to me the Prime Minister or something of Qatar. Erica contacted international services, but we haven't heard anything recently. Can you follow-up? Erica has details.

Thanks!
