Subject: Exterminator to apt on Wed. Oct. 4th

Hi Carluz...I hope all is going well!

I wanted you to know on Wed. Oct. 4th, we have an exterminator going to all our apartments starting around 10:45am...it is a quick spray treatment and is not harmful...you won't even be there, but I wanted you to be aware they will be going in. A representative from our office (Merwin, Sonam or Leo I presume) will be going around with the exterminator.

Please note my mode of communication is email or sometimes text ...but we do need you to keep up with your emails and responding in a timely fashion is required ;)

Thank you! [REDACTED]
