Subject: FYI...

FYI...Jeffrey was at the hospital yesterday, July 30, having tests done. [REDACTED] was with him...He had a severe allergic reaction to something...I know he had anesthesia for the tests, but I know nothing else...you will see bills I am sure, but they are not telling me specifics and I did not ask. Just wanted you to know. If you need confirmation of invoices, you will need to go to Jeffrey or Karyna...I think he may have doctor bills from Sunday July 29 as well...but not positive.
