All are good friends of mine for years, but these very high end circles travel together, so you should be very familiar with almost all of them. And, a few that you don't know, are off the charts, and in some respects smarter than the ones that are familiar... ;-) They just didn't seek the limelight. I have marked these people with an asterisk. Not everyone on this list is a scientist.

There is no order to this list (this is a cross-section off the top of my head). I can think of more names if I put my mind to it, but lets start here:

I am happy to discuss anyone here

Nathan Mhyrvold
*Catherine Mohr
*Jay Walker
Christof Koch
*Terry Sejnowski
Danny Hillis
*Bran Ferren
Vilamur Ramachandran
Lisa Randall
